How To Order

We need TWO pieces of information about your photo, the roll number and frame number.

There are numbers written next to each proof in your proofing album. These are separated by a hyphen. The first number corresponds to the roll number while the second number refers to your frame number.

If you choose to have a print made from a proof extra, the envelop is labeled with the correct roll number, and each print has a number stamped on the back stating its frame number.

Package pricing is for prints made from one frame only. Splitting between multiple frames is not available.

Package Pricing

Package 1 **$18.90**
